

## New State-of-the-Art Website

We are proud to announce the launch of our new state-of-the-art website located at [finzfirm.com](http://finzfirm.com) or [855topfirm.com](http://855topfirm.com), which delivers valuable information for New Yorkers seeking a highly experienced, results-driven law firm. Visitors will quickly learn about the wide array of cases that Finz & Finz, P.C. prosecutes, including personal injury, medical malpractice, defective drugs, products liability, toxic exposure, and more.

The new website will serve both current and prospective clients by providing helpful information, easy navigation, and a seamless user experience. With a client-oriented focus, our website answers frequently asked questions and offers information regarding steps that victims should take immediately following an accident or medical malpractice in order to protect their legal rights, the types of compensation available under New York law, the various statutes of limitations (the time in which lawsuits must be filed), and how we can help those who have been injured proficiently navigate through the litigation process and achieve a successful result.

Representing people seeking justice in the Five Boroughs of New York City, Nassau County, Suffolk County, throughout New York State and nationwide, Finz & Finz, P.C. is recognized as one of New York's premier law firms. Our team of highly experienced trial attorneys, skilled paralegals, legal nurse consultants and compassionate support staff, is inspired by a deep desire to help those who have been seriously injured and face enormous odds in their battle against giant insurance, medical, pharmaceutical and manufacturing corporations.

Founded by former New York State Supreme Court Justice Leonard L. Finz, and led by Senior Trial Lawyer and CEO Stuart L. Finz, the firm has won over \$1 billion for its deserving clients by simply following its creed: "To help those who suffer tragic injuries due to the neglect of others, and to ensure that full justice is always served."

## Case Results & Testimonials

We are proud of the results that we have obtained on behalf of our deserving clients over nearly four decades since our founding, including a \$24.5 million truck accident settlement, a \$22.5 million wrongful death verdict, a \$20.5 million verdict against the giant cigarette manufacturers Phillip Morris and American Tobacco, a \$14.7 million verdict on behalf of a porter against a major New York City landlord, a \$9.7 million settlement for a young child who suffered due to medical malpractice, and many more.

Due to COVID-19 and the resulting slowdown to the New York State court system, this year has brought new challenges to the litigation process. Nevertheless, we remain committed to seeking full justice for our clients and have secured multiple seven-figure settlements on their behalf during this most difficult time.

Visitors to our new website can read more about our record-setting seven and eight-figure verdicts and settlements and how appreciative our clients are of the hard work and determination that we employ in every case.
